

pH

```
graph TD; A([pH]) --> B([fixed acidity]); C([total sulfur dioxide]) --> D([free sulfur dioxide]);
```

A flowchart with two parallel vertical paths. The left path starts with a circle containing 'pH' at the top, with a downward arrow pointing to an oval containing 'fixed acidity'. The right path starts with an oval containing 'total sulfur dioxide' at the top, with a downward arrow pointing to an oval containing 'free sulfur dioxide'. All shapes have a light gray fill and a black border. The text is in a bold, black, serif font.

fixed acidity

total sulfur dioxide

free sulfur dioxide
