

pH

```
graph TD; A([pH]) --> B([fixed acidity]); C([total sulfur dioxide]) --> D([free sulfur dioxide]);
```

A flowchart with two parallel vertical paths. The left path starts with a circle containing 'pH' and an arrow pointing down to an oval containing 'fixed acidity'. The right path starts with an oval containing 'total sulfur dioxide' and an arrow pointing down to an oval containing 'free sulfur dioxide'. All shapes have a light gray fill and a black border.

fixed acidity

total sulfur dioxide

free sulfur dioxide
